

**DURRI ABORIGINAL CORPORATION MEDICAL SERVICE**  
**SPECIALIST DIRECTORS**

The Durri Aboriginal Corporation Medical Service (Durri) was established in 1976 in Kempsey, on the mid-north coast of NSW. The name Durri means "to grow in good health" and was bestowed upon the organisation by members of the local Aboriginal community. Durri provides a comprehensive range of health services to the Aboriginal communities in Kempsey, Nambucca, and Bowraville. In addition Durri AMS represents these communities on Aboriginal issues generally in a number of forums which are critical to the improvement of Aboriginal health.

Durri is currently under Special Administration and in the process of appointing a new Board of Directors. As Durri is an Aboriginal community controlled organisation, the majority of the Board will be selected from local community members. Durri would also like to appoint a maximum of two specialist Directors with skills in legal, finance, governance or medical areas. Durri is situated on the mid-north coast of NSW, five hours north of Sydney and 45 minutes north of Port Macquarie. All travel expenses incurred in attending Board meetings will be paid by Durri.

This is an opportunity to help Durri close the gap and make a real difference in frontline health delivery.

Durri is seeking specialist directors with skills in:

- \* Legal
- \* Finance
- \* Governance
- \* Medical
